2. Share Capital and Listing on Stock Exchange

The Authorized Share Capital of the Company is ₹ 500 Lakhs (Previous Year: ₹ 500 Lakhs) consisting of 50,00,000 Equity Shares of ₹ 10/- each and the Paid-up Share Capital of the Company is ₹ 394.66 Lakhs (Previous Year: ₹ 394.66 Lakhs) consisting of 39,46,560 Equity Shares of ₹ 10/- each. The equity shares of the Company are listed with Metropolitan Stock Exchange of India Limited, Mumbai.

3. Dividend

Your Directors have pleasure in recommending a Dividend of ₹ 0.50 per share (Previous Year: ₹ 0.50 per share). The total amount of Dividend outgo for the year will be ₹ 19.73 lakhs. As per Income Tax, 1961, the dividend will be taxable in the hands of the Shareholders and the Company will make the payment of dividend after deducting applicable TDS.

4. Taxation

An amount of ₹ 607.02 Lakhs towards Current Tax and Deferred Tax Liability of ₹ 208.08 Lakhs has been provided for the year 2020-21. The Company's entitlement of MAT Credit of ₹ 607.02 Lakhs has been recognized in the books during the year.

5. Management Discussion and Analysis, Trade Conditions

A) Spinning Division

An adverse impact was seen especially in the first two quarters of the financial year due to CoVID-19 pandemic. The Spinning Division has seen some strengthening in yarn prices from early months of 2021 and we expect that to continue through the third quarter of 2021-22 and possibly beyond.

In the first two quarters of 2020-21, cotton prices were lower in India due to high level of carry over stock due to lower consumption of cotton by Mills due to disruptions in manufacturing activities caused by CoVID-19 pandemic. After relaxations announced by Government, the manufacturing activities were resumed. The cotton prices have gone-up by more than 30% compared to the price ruled during the initial cotton season. The prices of some of the imported cotton varieties especially the long staple fibre had also increased very steeply to the extent of 40% to 75% within a period of 3 to 4 months' time. We were able to weather this increase with proactive steps taken in building our cotton inventory especially by importing high quality cotton in the first two quarters of fiscal year 2020-21.

From 1st February, 2021, Government of India has withdrawn the exemption on customs duty on raw cotton. With the exemption removal, 5% Basic Custom duty (BCD) has been imposed and a new Agriculture Infrastructure and Development Cess (AIDC) of 5% has been introduced. With an additional Social Welfare Surcharge of 10% on both BCD & AIDC, the total burden of customs duties on imported of cotton totals to 11%.

To mitigate the effect of 11% customs duty, the Company has planned all cotton imports through Advance Authorization scheme (where the Company has an obligation of export of 1.00 kg yarn as against 1.40 kgs of cotton imported within 18 months from the date of advance license issued). The Company will be able to meet the export obligations within the stipulated time period as regular exports orders are being received.

Open-end (OE) yarn sales have been stronger than last year, again due to the growth in home textiles sector. We expect the OE business to be stable over the 2021-22 fiscal year.

The Company plans to invest in plant and equipment to improve productivity and replace machines that are having a negative impact on production at higher maintenance costs. We continue to make improvements in our processes and machinery to lower power consumption.

The Company has a total spinning capacity of 49,056 Ring-spindles and 2,440 open end rotors. The Jaggaiahpet unit situated in Thirumalagiri Village with an installed capacity of 1,440 open end rotors is not able to generate enough contribution to recover its fixed cost. The management is looking for all viable options to generate profit.

B) Surgical Division

The Company continues to retain its customers by delivering high quality absorbent cotton, gauze and bandages and was able to achieve steady sales during the Financial Year 2020-21. This was despite the lock down during the early part of the fiscal year and slow down of elective medical procedures

The impact of pandemic CoVID-19 second wave is expected in first quarter of Financial Year 2021-22 as hospitals have focused on CoVID-19 patients and slowed their outpatient and elective procedures. Any further lock downs during the year will have an impact on our retail channel. As a result, the consumption of our surgical products can be under pressure for financial Year 2021-22. Post first quarter of financial year 2021-22, hospitals are expected to pick up their operations and the Company expects to see demand for the surgical products come back to normal levels. Our margins are facing headwinds due to rising input costs associated with processing chemicals and packaging materials. We have increased our pricing to reflect higher costs and to reduce its impact. The increased pricing will help us in maintaining our historical margins. The Company continues to strengthen the sales force in this segment and modernizing the production facilities to improve production efficiencies and cost reductions.

C) Weaving Division

Our weaving division has run a very efficient operation in 2020-21 hitting the highest weaving sales and contribution margins in the history of the Company. The wider-width fabric operation has seen good demand from all of the premier bedsheet exporters and we expect that trend to continue. Our more specialized jacquard fabric has seen a dip in demand due to the market demand impacted in Africa due to CoVID-19. We are continuing to develop new customers and expect this stabilize with the next two quarters. In addition, we are taking steps for producing more value-added products.

6. Exports

On the export front during the year, the Company has made export of cotton yarn and grey fabrics (including merchant exports) for a value of ₹ 49.78 crores as against ₹ 68.49 crores of the previous year.

7. Power Cost

During the financial year 2020-21, the Company was able to consume power through own windmills and rooftop solar plant. However, lower power generation from windmills forced the Company to source power from other sources at higher cost. The overall power cost has decreased during the financial year 2020-21 to ₹ 2,029.30 Lakhs as compared to ₹ 2,708.04 Lakhs incurred during previous year. The savings in power cost is due to switching over to cheaper source of power, 14.40 lakh units generation through 1.20 MW Solar power panels at Perumalpatti unit and various energy conservation measures taken by the Company and Lower power consumption due to non operation of Spinning & Weaving Units during April'20 and May'20 due to Lock down imposed by Government on account of CoVID-19 pandemic.

8. Finance Cost

The Finance cost has decreased to ₹ 2,199.86 Lakhs during the financial year 2020-21 from ₹ 2,774.42 Lakhs of previous financial year mainly due to the repayment of term loans, reduction in the rate of interest on term loans and working capital facilities.

9. Dividend Income

During the financial year 2020-21, the Company has received dividend income of ₹ 106.15 Lakhs (2019-20: ₹ 206.09 Lakhs) and the particulars of dividend received are provided under Note No. 44 (a) (vii).

10. Key Financial Ratios

Pursuant to Schedule V(B) of SEBI (LODR) Regulations, 2015, the Key Financial Ratios for the year 2020-21 are given below:

S. No.	Particulars	31-03-2021	31-03-2020	Formula adopted
1	Debtors Turnover Ratio (Days)	85	58	365 Days / (Net Revenue / Average Trade Receivables)
2	Inventory Turnover Ratio (Days)	89	102	365 Days / (Net Revenue / Average Inventories)
3	Interest Coverage Ratio	2.59	1.35	(Profit Before Tax + Interest) / (Interest + Interest Capitalized)
4	Current Ratio	1.13	0.84	Current Assets / (Total Current Liabilities - Other Financial Liabilities - Current maturities of Long Term Debt)
5	Debt - Equity Ratio	2.18	3.97	Total Debt / Total Equity
6	Operating Profit Margins (EBIDTA)	16%	12%	EBITDA / Net Revenue
7	Net Profit Margin	12%	4%	Net Profit / Net Revenue

S. No.	Particulars	31-03-2021	31-03-2020	Formula adopted
8	Return on Networth	36%	17%	Total Comprehensive Income / Average Net Worth
9	Total Debt / EBITDA	5.24	8.15	Total Debt / EBITDA
10	Return on Capital Employed	15%	11%	(TCI + Interest) / (Average of Equity + Total Debt)

- Notes:** a) Serial No. 1 had significant change (i.e. 25% or more) in the ratio compared to previous year due to increase in credit period in order to maintain the market share.
- b) For Serial No. 3,4,5,6,7,8,9 and 10, there have been significant positive change (i.e. 25% or more) on account of increase in operating margins and reduction in operating cost. In addition, profit on sales of investments included in other income was more as compared to the previous year other income.
- c) EBITDA denotes Profit Before Tax + Interest + Depreciation - Profit on sales of investments

11. Prospects for The Current Year

Financial Year 2021-22 has started with positive outlook in terms of steady customer demand for our products in Spinning and Weaving division and second wave of pandemic seems to have lesser impact as compared to the first wave in the previous financial year 2020-21. The Company has sufficient liquidity to support its growth. Our overall interest costs are expected to be lower when compared to last year due to the government financing initiatives being passed down by our bankers. The outlook for our operations, in the near term, due the general economic conditions looks positive.

The US Department of Agriculture has projected that India's cotton production in 2021-22 would be higher at 378 Lakhs bales (2020-21 was at 364 Lakhs bales) and India's Consumption would be also be on the higher side at 329 lakhs bales (2020-21 was 300 Lakh bales).

The government's assured domestic procurement and Minimum Support Price by Cotton Corporation of India along with prospects of good monsoon are likely to impact higher cotton production in 2021-22 kharif season. Minimum Support Price for next kharif season which begins in October 2021, is increased by 3.80% for Medium Staple and 3.40% for long Staple as well. So we expect that the current increasing price trend to continue in 2021-22.

Imported cotton, our primary raw material, prices remain at an all-time high and we expect that to continue due to drought conditions in cotton growing regions of US and the increased demand from China due to market sentiment against Xinjiang cotton.

The Company has firm orders through the end of the second quarter of 2021-22 with continued order enquires. Demand for our yarn is primarily from the home textiles segment. However, we do see signs of improvement from the apparel sector as well. Export of our high-end yarns to Europe is expected to be larger than the previous year.

The Company's strategic decision to focus on more value added counts using PIMA and Giza cotton has started yielding results with a good volume of yarn orders booked for Q1 and Q2 of the current year. The prudent purchase policy of imported cotton when the prices were lower will help sustain the operating margins in FY 2021-22. Export order flow is expected to improve significantly from second quarter of the fiscal 2021-22 due to pent up demand. With people adopting work from home options, lower socializing opportunities, more focus on health and hygiene, demand for home textile products will continue to grow. The demand will be further enhanced during Q3 of 2021-22 with start of festival season.

12. Expansion & Modernization

As a part of continuous expansion and thrust of modernization program, during 2021-22 the Company will be investing ₹ 25.00 Crores in total (Spinning ₹ 20.00 Crores; Weaving ₹ 1.50 Crores and Surgical ₹ 3.50 Crores).

The Company, this financial year, will be investing ₹ 45.00 Crores in a modern automated line for the manufacture of bedsheets. The infrastructure including but not limited to electrical systems and automated storage systems are designed for future capacity increases. Production from this line will commence late 4th quarter of 2021-22 or early next fiscal year. The project is expected to generate revenue of over ₹ 200.00 crores per annum, (mainly exports) beginning within next couple of years thereafter. This will further strengthen our spinning and weaving operations.

13. Wind Mill

The Company has wind mills with installed capacity of 8.30 MW for its captive power consumption.

The wind farm has generated 127.23 Lakhs Kwh as compared to 132.09 Lakhs Kwh of the previous year. The wind availability / velocity during the financial year 2020-21 were low as compared to the financial year 2019-20. All the Units generated by wind mills were adjusted for captive consumption at our Mills in Tamil Nadu. The income during the year from the Wind Mill Division was ₹ 8.48 Crores as against ₹ 8.81 Crores of previous year.

14. Solar Power

The Company has 1.20 MW of Solar Power Panels for its captive power consumption. The Solar Power Panels has generated 14.40 lakh units during 2020-21 as compared to 6.49 lakh Units from October 2019 to March 2020.

15. Credit Rating

CRISIL Ratings has upgraded its ratings in the current year on the bank facilities of the Company as below:

Long Term Rating	CRISIL A- / Stable (Upgraded from 'CRISIL BBB+/ Stable')
Short Term Rating	CRISIL A2+ (Upgraded from 'CRISIL A2')

The rationale adopted in rating by CRISIL is on the basis of Company's improved business driven by higher capacity utilization and improved business realizations for its products over the medium term.

16. Subsidiary Company

The Company vide its Extraordinary General Meeting held on 25th January, 2021 passed ordinary resolution for acquiring the shares of Madras Chipboard Limited, Rajapalayam (MCBL). In view of the same the letter of offer has been sent to the shareholders of the MCBL. Accordingly, Company has acquired the shares of MCBL. [Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members,

The Ramaraju Surgical Cotton Mills Limited,

(CIN: L17111TN1939PLC002302)

P.A.C. Ramasamy Raja Salai,

Rajapalayam - 626 117.

I have conducted a Secretarial Audit of the compliance of applicable statutory provisions and adherence to good corporate practices by THE RAMARAJU SURGICAL COTTON MILLS LIMITED (CIN: L17111TN1939PLC002302) (hereinafter called "the Company") during the financial year from 1st April, 2020 to 31st March, 2021 ("the year"/ "audit period"/ "period under review"). I conducted the Secretarial Audit in a manner that provided me a reasonable basis for evaluating the Company's corporate conducts / statutory compliances and expressing my opinion thereon.

I am issuing this report based on my verification of the books, papers, minute books and other records maintained by the Company, forms and returns filed, compliance related action taken by the Company during the year as well as after 31st March, 2021 but before the issue of this report and the information provided by the Company, its officers, agents and authorised representatives during my conduct of the Secretarial Audit.

1. I hereby report that:

- 1.1. In my opinion, during the audit period covering the financial year ended on 31st March 2021, the Company has complied with the statutory provisions listed hereunder and also has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter. The Members are requested to read this report along with my letter of even date annexed to this report as Annexure - A.
- 1.2. I have examined the books, papers, minute books and other records maintained by the Company and the forms, returns, reports, disclosures and information filed or disseminated during the year according to the applicable provisions of:
 - (i) The Companies Act, 2013 (the Act) and the rules made thereunder.
 - (ii) Securities Contracts (Regulation) Act, 1956 and the rules made thereunder.

- (iii) The Depositories Act, 1996 and the regulations and bye-laws framed thereunder.
- (iv) The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Regulations'):-
 - (a) Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 ;
 - (c) Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above

- (v) The following laws, those are specifically applicable to the Company:
 - (a) Essential Commodities Act 1955, with reference to "Hank Yarn Packing Notification 2003" (No.2/TDRO/8/2003 dated 17th April, 2003); and
 - (b) The Electricity Act, 2003.

1.3 I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards (SS-1) on "Meetings of the Board of Directors" and Secretarial Standards (SS-2) on "General Meetings" issued by The Institute of Company Secretaries of India and
- (ii) The Listing Agreement entered into by the Company with M/s. Metropolitan Stock Exchange of India Limited.

1.4. During the period under review, and also considering the compliance related action taken by the Company after 31st March, 2021 but before the issue of this report, the Company has, to the best of my knowledge and belief and based on the records, information and explanations furnished to me, complied with the applicable provisions/clauses of the Acts, Rules, Regulations, Agreements and Standards mentioned under paragraphs 1.2 and 1.3.

1.5. I am informed that, during/ in respect of the year:

- (i) The Company was not required to comply with the following laws / guidelines / regulations and consequently was not required to maintain any books, papers, minute books or other records or file any forms / returns under:
 - (a) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

- (b) Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;

SEPARATE FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT**To the Members of M/s. The Ramaraju Surgical Cotton Mills Limited****Report on the Audit of the Separate Financial Statements****Opinion**

We have audited the Separate Financial Statements of THE RAMARAJU SURGICAL COTTON MILLS LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2021, Statement of Profit and Loss, Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the Separate Financial Statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "the Separate Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Separate Financial Statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Separate Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Separate Financial Statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note No. 48 to the Separate Financial Statements, which describes the uncertainties and the impact of the CoVID-19 pandemic on the Company's operations and results as assessed by the management. The Management has assessed that there is no material impact on the Financial Statements due to lockdown and related restrictions imposed towards controlling the CoVID-19 pandemic. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Separate Financial Statements of the current period. These matters were addressed in the context of our audit of the Separate Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
1.	<p>Adoption of Ind AS 116 Leases</p> <p>The Company has adopted Ind AS 116 with effect from 1st April 2019 using Modified Retrospective Approach. The application and transition to this new accounting standard is complex and involves significant judgment and estimates made by the management which includes measuring of liability for all leases.</p> <p>The Company has adopted the Modified Retrospective Approach method for transition to Ind AS 116, consequently comparative figures for the previous years have not been restated and continue to report under Ind AS 17.</p> <p>(Refer to Note No. 4.G (i) & (ii) to the Separate Financial Statements)</p>	<p>Principal Audit Procedures</p> <p>Our Audit procedures involved review of the Company's Ind AS 116 implementation process, and key judgments made by management evaluation of lease agreements / arrangements on sample basis and comparison of the same with management's evaluation and assessment. We also evaluated the computation of lease liabilities and the discount rates adopted.</p> <p>Our tests on sample basis focused on reviewing the key terms and conditions of the lease agreements and obtaining evidence for the estimated useful live of right of use assets.</p> <p>Further more we assessed the adequacy and appropriateness of the disclosures the Separate Financial Statements.</p>
2.	<p>Recognition and measurement of deferred taxes</p> <p>The recognition and measurement of deferred tax items requires determination of differences between the recognition and the measurement of assets, liabilities, income and expenses in accordance with the Income Tax Act and other applicable tax laws including application of ICDS and financial reporting in accordance with Ind AS.</p> <p>Assessment of Deferred Tax Assets is done by the management at the close of each financial year taking into account forecasts of future taxable results.</p>	<p>Principal Audit Procedures</p> <p>The key matter was addressed by performing audit procedures which involved assessment of underlying process and evaluation of internal financial controls with respect to measurement of deferred tax and re-performance of calculations and assessment of the items leading to recognition of deferred tax in light of prevailing tax laws and applicable financial reporting standards.</p> <p>Furthermore we assessed the adequacy and appropriateness of the disclosures in the Separate Financial Statements.</p>

S.No.	Key Audit Matter	Auditor's Response
	<p>We have considered the assessment of deferred tax liabilities and assets as a key matter due to the importance of management's estimation and judgment and the materiality of amounts.</p> <p>(Refer to Note No. 4 D (iv), (v), (vi) & (vii) and Note No. 5(iv) to the Separate Financial Statements)</p>	
3.	<p>Evaluation of uncertain Tax Position / Other contingent liabilities</p> <p>The Company has material uncertain tax position in respect of possible or actual taxation disputes, litigations and claims. The provisions are estimated using a significant degree of management judgment in interpreting the various relevant rules, regulations and practices and in considering precedents in various legal forums.</p> <p>(Refer to Note No. 4 O (iv) and 5 (vi) to the Separate Financial Statements)</p>	<p>Principal Audit Procedures</p> <p>The Audit addressed this Key Audit Matter by assessing the adequacy of tax Provisions by reviewing the management's underlying assumptions in estimating the tax provisions and the possible outcome of the disputes.</p> <p>We reviewed the significant litigations and claims and discussed with the Company's legal counsel, external advisors about their views regarding the likely outcome and magnitude of and exposure to relevant litigation and claims.</p> <p>Furthermore, we assessed the adequacy and appropriateness of the disclosures in the Separate Financial Statements.</p>
4.	<p>Existence and impairment of Trade Receivables</p> <p>Trade Receivables are significant to the Company's Financial Statements. The Collectability of trade receivables is a key element of the Company's working capital management, which is managed on an ongoing basis by its management. Due to the nature of the Business and the requirements of customers, various contract terms are in place, there is a risk that the carrying values may not reflective of their recoverable amounts as at the reporting date,</p>	<p>Principal Audit Procedures:</p> <p>We performed audit procedures on the assessment of trade receivables, which included substantive testing of revenue transactions, obtaining trade receivable external confirmations and testing the subsequent payments received. Information Other than the Separate Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Report on CSR activities, and Shareholders information but does not include the Separate Financial Statements and our auditor's report thereon.

Our opinion on the Separate Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Separate Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Separate Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Separate Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Separate Financial Statements that give a true and fair view of the state of affairs, profit or loss including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of Companies Act, 2013 read with relevant rules issued there under and accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and

estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Separate Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Separate Financial Statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the Separate Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Separate Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Separate Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Separate Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Separate Financial Statements

or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Separate Financial Statements, including the disclosures, and whether the Separate Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Separate Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Separate Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Separate Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Separate Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- (c) The Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, Statement of changes in equity and the Separate statement of Cash Flow dealt with by this Report are in agreement with the books of account.

- (d) In our opinion, the aforesaid Separate Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our Report in "**Annexure B**".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the details of the pending litigations and its impact on the financial position in its Separate Financial Statements in Note No.41 (iv) & (v) of the Disclosures forming part of the Separate Financial Statements for the year ended 31st March, 2021.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**"Annexure B" to the Independent Auditor's Report of even date on the
Separate Financial Statements prepared in accordance with Indian Accounting Standards
of The Ramaraju Surgical Cotton Mills Limited**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of
the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of THE RAMARAJU SURGICAL COTTON MILLS LIMITED ("the Company") as of March 31, 2021 in conjunction with our audit of the Separate Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO SEPARATE FINANCIAL STATEMENTS

1. Corporate Information

The Ramaraju Surgical Cotton Mills Limited ("the Company") is a Public Limited Company domiciled and headquartered in India and incorporated under the provisions of the Companies Act. The company is listed on MSEI in India. The Registered office of the Company is located at The Ramaraju Surgical Cotton Mills Premises, P.A.C. Ramasamy Raja Salai, Rajapalayam - 626 117, Tamil Nadu, India.

The Company is primarily engaged in manufacture of Surgical Dressings, Yarn and Grey Fabrics with its manufacturing facilities located in Rajapalayam, Subramaniapuram, Perumalpatti Village in Tamilnadu and in Jaggiyahpet, Andhrapradesh. The Company is also engaged in generation of electricity from its windmills and solar panel for its captive consumption.

The financial statements of the Company for the year ended 31-03-2021 were approved and adopted by Board of Directors of the Company in their meeting dated 04-06-2021.

2. Basis of Preparation of Separate Financial Statements

- i. The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015, as amended from time to time. The accounting policies are applied consistently to all the periods presented in the financial statements. Accordingly, the Company has prepared the standalone financial statements which comprise the Balance Sheet as at 31st March, 2021 the Statement of Profit & Loss, the Statement of Cash Flows and the Statement of Changes in Equity for the year ended as on 31st March, 2021 and accounting policy and other explanatory information (together herein after referred as " Separate Financial Statements"
- ii. The significant accounting policies used in preparing the financial statements are set out in Note No.4.
- iii. The Company has considered its operating cycle to be 12 months for the purpose of Current and Non-current classification of assets and liabilities .
- iv. An asset is classified as current when it is expected to be realised or intended to be sold or consumed in the normal operating cycle, or held primarily for the purpose of trading or expected to be realised within 12 months after the reporting period, or cash or cash equivalents unless restricted from being exchanged or used to settle a liability 12 months after the reporting period. All other assets are classified as non-current.
- v. A liability is classified as current when it is expected to be settled in normal operating cycle, or held primarily for the purpose of trading or due for settlement within 12 months after the

reporting period, or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

- vi. The financial statements are presented in Indian Rupees, which is the Company's functional currency, rounded to the nearest Lakhs with two decimals. The amount below the round off norm adopted by the Company is denoted as ₹ 0.00 Lakhs.
- vii. Previous year figures have been regrouped / restated, wherever necessary and appropriate.

3. Basis of Measurement

The financial statements have been prepared on accrual basis under historical cost convention except for certain financial instruments (Refer Note 4(S) - Accounting Policy for Financial Instruments) and defined benefit plan assets which are measured at fair value.

4. Significant Accounting Policies

A. Inventories

- (i) Raw-materials, Stores & Spares, Fuel, packing materials etc., are valued at cost, computed on a moving weighted average basis including the cost incurred in bringing the inventories to their present location and condition after providing for obsolescence and other losses or net realisable value whichever is lower. However, the inventories are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost
- (ii) Process stock is valued at weighted average cost including the cost of conversion with systematic allocation of production overheads based on normal capacity of production facilities but excluding borrowing cost, or net realisable value whichever is lower. Factory administration overheads to the extent attributable to bring the inventories to their present location and condition are also included in the valuation of Process stock.
- (iii) Finished goods are valued at cost or net realisable value whichever is lower. Cost includes cost of conversion with systematic allocation of production overheads based on normal capacity of production facilities and other costs but excluding borrowing cost, incurred in bringing the inventory to their present location and condition. Finished goods include stock-in-trade also which comprises cost of purchase and other cost incurred in bringing the inventories to the present location and condition. Cost is determined on a moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

B. Statement of Cash Flows

- (i) Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.
- (ii) Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.
- (iii) Bank borrowings are generally considered to be financing activities. However, where bank overdrafts that are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Statement of Cash flows.

C. Dividend distribution to Equity shareholders

Interim dividend paid is recognised on approval by Board of Directors. Final dividend distribution to Shareholders is recognised in the period in which the dividends are approved by the Shareholders.

D. Income Taxes

- (i) Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates, the provisions of the Income Tax Act, 1961 and other applicable tax laws including the relevant transfer pricing regulations prescribed thereunder, read with applicable judicial precedents or interpretations, wherever relevant
- (ii) Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period. The MAT Credit Entitlement being unused tax credits that are carried forward by the Company for a specified period, is grouped under Deferred Tax.
- (iii) Current tax assets and liabilities are offset, when the Company has legally enforceable right to set off the recognised amounts and intends to settle the asset and the liability on a net basis.

- (iv) Deferred tax is recognised using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting at the reporting date.
- (v) Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year where the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.
- (vi) Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by same governing tax laws and the Company has legally enforceable right to such set off current tax assets against current tax liabilities.
- (vii) Both current tax and deferred tax relating to items recognised outside the Profit or Loss is recognised either in "Other Comprehensive Income" or directly in "Other Equity" as the case may be.

E. Property, Plant and Equipments (PPE)

- (i) PPEs are stated at cost of acquisition or construction less accumulated depreciation and impairment losses if any, except freehold land which is carried at cost. The cost comprises of purchase price, import duties, non-refundable purchase taxes (net of tax credits wherever applicable), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.
- (ii) Subsequent expenditures are included in the assets' carrying amount and recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.
- (iii) Spares which meet the definition of PPE are capitalised from the date when it is available for use. Other expenses on fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalisation criteria are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.
- (iv) The Company identifies the significant parts of plant and equipment separately which are required to be replaced at intervals. Such parts are depreciated separately based on their specific useful lives. The cost of replacement of significant parts are capitalised and the carrying amount of replaced parts are de-recognised. When each major inspection / overhauling is performed, its cost is recognised in the carrying amount of the item of PPE as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection/overhauling (as distinct from physical parts) is de-recognised.

- (v) The cost of major inspection / overhauling is recognised in the carrying amount of the item of PPE as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection / overhauling (as distinct from physical parts) is de-recognised.
- (vi) The Company follows the useful lives of the significant parts of certain class of PPE on best estimate basis upon technical advice, as detailed below, that are different from the useful lives prescribed under Part C of Schedule II of the Companies Act, 2013:

Type of Plant and Machinery	Useful life of such components ranging from
Building	3 to 60 years
Textile Machines / Equipment	10 to 25 years
Wind Mills	5 to 30 years
HFO / DG Set	12 to 25 years
Solar Panel	25 years
Furniture and Fixtures	3 to 10 years
Electrical Machineries	3 to 25 years
Motor cars given to employees as per company's scheme	6 to 8 years

- (vii) PPE acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash transaction. Fair market value is determined either for the assets acquired or asset given up, which ever is more clearly evident.
- (viii) PPEs are eliminated from the financial statements on disposal. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such assets, are recognised in the Statement of Profit and Loss. Amount received towards PPE that are impaired and derecognized in the financial statements, are recognized in Statement of Profit and Loss, when the recognition criteria are met.
- (ix) Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value, except for process control systems whose residual value is considered as Nil.
- (x) Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion / disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded / sold.

- (xi) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each reporting date and adjusted prospectively, if appropriate.

F. Capital Work in progress / Capital Advances

Capital work in progress includes cost of property, plant and equipment under installation, under development including related expenses and attributable interest as at the reporting date.

Advances given towards acquisition / construction of PPE outstanding at the reporting date are disclosed as 'Capital Advances' under 'Other Non-Current Assets'.

G. Leases

- (i) Ind AS 116 requires lessees to account for all leases under a single on-balance sheet model. The Company, as a lessee, upon transition to Ind AS 116, elected to measure the lease liability for all leases whose non-cancellable lease term is more than 12 months, at the present value of remaining lease payments discounted using the incremental borrowing rate at the date of initial application and recognise the right-of-use asset at an amount equal to the lease liability, adjusted for prepaid lease payments recognised in the balance immediately before the date of initial application.
- (ii) The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date whether fulfilment of arrangement is dependent on the use of an underlying asset and the arrangement conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a Lessee

- (i) The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.
- (ii) The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.
- (iii) The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any.
- (iv) The Company presents right-of-use assets that do not meet the definition of investment property in 'Property, Plant and Equipment' and Lease liabilities in 'Financial Liabilities' in the Balance sheet.

- (v) The Company has opted not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Company as a Lessor

The lease arrangements where the risks and rewards incidental to ownership of an asset substantially vests with the Lessor are recognised as operating lease. Operating lease receipts are recognised in the Statement of Profit and Loss on straight line basis over the lease terms except where the payments are structured to increase in line with the general inflation to compensate for the expected inflationary cost increases. The Company do not have any finance leases arrangements.

H. Revenue Recognition

(i) Revenue from Operations

a) Sale of products

Revenue from product sales is recognized when the company transfers control of the product to customers at a point in time. The transaction price is the amount of consideration to which the company expects to be entitled in exchange for transferring goods to the customer. It comprises of invoice value of goods after deducting discounts, volume rebates and applicable taxes on sale including GST. The Company provides discounts to customers on the achievement of the performance criteria based on agreed terms and conditions. The financing component with regard to sale of products are excluded from Revenue from operations and recognized as Interest Receipts. The company do not have any non-cash consideration.

b) Power generated from Windmills

Power generated from windmills that are covered under wheeling & banking arrangement with TANGEDCO are consumed at Factories. The monetary values of such power generated that are captively consumed are not recognised as revenue, but have been set off against the cost of power & fuel.

c) Scrap sales

Scrap sales is recognized when the Company transfers control of the product to customers.

d) Income from Job Work

Income from job work is recognized on the proportion of work executed as per the contract / agreement.

(ii) Other Income

- a. Interest income is recognised using the Effective Interest Rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period where appropriate, to the gross carrying amount of the financial asset or to the authorised cost of a financial liability.
- b. Dividend income is recognised when the Company's right to receive dividend is established.
- c. Rental income from operating lease on Property, Plant and Equipments is recognised on a straight line basis over the terms of the relevant lease.

I. Employee Benefits

- (i) Short-term employee benefits viz., Salaries and Wages are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.
- (ii) Defined Contribution Plan viz., Contributions to Provident Fund and Superannuation Fund are recognized as an expense in the Statement of Profit and Loss for the year in which the employees have rendered services.
- (iii) The Company contributes monthly to Employees' Provident Fund & Employees' Pension Fund administered by the Employees' Provident Fund Organisation, Government of India, at 10% / 12% of employee's basic salary. The Company has no further obligations.
- (iv) The Company also contributes for superannuation a sum equivalent to 15% of the officer's eligible annual basic salary. Out of the said 15% contribution, a sum upto ₹ 1.50 Lakhs per annum is remitted to The Ramaraju Surgical Cotton Mills Limited Officers' Superannuation Trust Fund administered by trustees and managed by LIC of India. The balance amount, if any, is paid as salary. There are no further obligations in respect of the above contribution plan.
- (v) The Company has its own Defined Benefit Plan viz., an approved Gratuity Fund for its employees including employees in subsidiary company. It is in the form of lump sum payments to vested employees on resignation, retirement, death while in employment or on termination of employment, for an amount equivalent to 15 days' basic salary for each completed year of service. Vesting occurs upon completion of five years of continuous service. Based on the Actuarial Valuation by an independent

external actuary, the Company makes annual contributions to the trust administered by the company as at the reporting date using Projected Unit Credit method. The funds are managed by LIC of India.

- (vi) The Company provides for expenses towards compensated absences provided to its employees. The expense is recognized at the present value of the amount payable determined based on an independent external actuarial valuation as at the Balance Sheet date, using Projected Unit Credit method.
- (vii) Remeasurement of net defined benefit asset / liability comprising of actuarial gains or losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to other comprehensive income in the period in which they arise and immediately transferred to retained earnings. Other costs are accounted in the Statement of Profit and Loss.

J. Government Grants

- (i) Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.
- (ii) In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets"
- (iii) Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred grant income and are credited to the statement of profit and loss on a systematic basis over the expected lives of the related assets.

K. Foreign currency transactions

- (i) The financial statements are presented in Indian Rupees, which is also the Company's functional currency.
- (ii) All transactions in foreign currency are recorded on initial recognition at their functional currency exchange rates prevailing on that date.

- (iii) Monetary assets and liabilities in foreign currencies outstanding at the reporting date are translated to the functional currency at the exchange rates prevailing on the reporting date and the resultant gains or losses are recognised during the year in the Statement of Profit and Loss.
- (iv) Non-monetary items which are carried at historical cost denominated in foreign currency are reported using the exchange rates at the date of transaction.

L. Borrowing Costs

- (i) Borrowing cost include interest computed using Effective Interest Rate method, interest on lease liabilities, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.
- (ii) Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings cost are expensed in the period in which they occur.

M. Earnings per Share

- (i) Earnings per share is calculated by dividing the profit / (loss) attributable to equity shareholders by the weighted average number of equity shares.
- (ii) Where an item of income or expense which is otherwise required to be recognised in the Statement of Profit and Loss is debited or credited to Equity, the amount in respect thereof is suitably adjusted in Net profit for the purpose of computing Earnings per share.
- (iii) The Company do not have any potential equity shares.

N. Impairment of Non-Financial Assets

- (i) The carrying values of assets include property, plant and equipment, investment properties, cash generating units and intangible assets are reviewed for impairment at each reporting date, if there is any indication of impairment based on internal and external factors.

- (ii) Non-financial assets are treated as impaired when the carrying amount of such asset exceeds its recoverable value. After recognition of impairment loss, the depreciation for the said assets is provided for remaining useful life based on the revised carrying amount, less its residual value if any, on straight line basis.
- (iii) An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired.
- (iv) An impairment loss is reversed when there is an indication that the impairment loss may no longer exist or may have decreased.

O. Provisions, Contingent Liabilities and Contingent Assets

- (i) Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources embodying economic benefits in respect of which a reliable estimate can be made.
- (ii) Provisions are discounted if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.
- (iii) Insurance claims are accounted on the basis of claims admitted or expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Any subsequent change in the recoverability is provided for. Contingent Assets are not recognised.
- (iv) Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the same are not recognised but disclosed in the financial statements.

P. Intangible Assets

- (i) The costs of computer software acquired and its subsequent improvements are capitalised. Internally generated software is not capitalized and the expenditure is recognized in the Statement of Profit and Loss in the year in which the expenditure is incurred.
- (ii) Intangible Assets are amortised over their estimated useful life on straight line method. The estimated useful lives of intangible assets are assessed by the internal technical

team as detailed below, that are different from the useful lives prescribed under Part C of Schedule II of the Companies Act, 2013:

Nature of Intangible Assets	Estimated useful life
Computer Software	6 years

- (iii) The intangible assets that are under development phase are carried at cost including related expenses and attributable interest, and are recognised as Intangible assets under development.
- (iv) The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each reporting date and adjusted prospectively, if appropriate.

Q. Investment Properties

- (i) An investment in land or buildings both furnished and unfurnished, which are held for earning rentals or capital appreciation or both rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business, are classified as investment properties.
- (ii) Investment properties are stated at cost, net of accumulated depreciation and impairment loss, if any except freehold land which is carried at cost.
- (iii) The Company identifies the significant parts of investment properties separately which are required to be replaced at intervals. Such parts are depreciated separately based on their specific useful lives determined on best estimate basis upon technical advice. The cost of replacement of significant parts are capitalised and the carrying amount of replaced parts are de-recognised. Other expenses including day-to-day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalisation criteria, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.
- (iv) Depreciation on investment properties are calculated on straight-line method based on useful life of the significant parts as detailed below:

Asset type	Useful life
Buildings under Investment properties	60 years

- (v) Investment properties are eliminated from the financial statements on disposal or when no further benefit is expected from its use. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such investment properties, are recognised in the Statement of Profit and Loss. Amount receivable towards investment properties that are impaired and derecognized in the financial statements, are recognized in Statement of Profit and Loss, when the recognition criteria are met.

- (vi) The residual values, useful lives and methods of depreciation of investment properties are reviewed periodically included at each reporting date.

R. Operating Segments

The Company has Three operating / reportable segments viz. Textiles, Surgicals and Wind Power Generation from Wind Mills.

The inter-segment transfers of units of power from windmills are recognized at the applicable tariff rates of the electricity boards for the purpose of segment reporting as per the relevant accounting standard. Operating segment has been identified on the basis of nature of products and reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker.

Costs are allocated to the respective segment based upon the actual incidence of respective cost. Unallocated items include general other income and expenses which are not allocated to any business segment.

S. Financial Instruments

- (i) A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.
- (ii) Financial assets and liabilities are offset and the net amount is presented in the Balance sheet when and only when the Company has a legal right to offset the recognised amounts and intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.
- (iii) The Company initially determines the classification of financial assets and liabilities. After initial recognition, no re-classification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets / liabilities that are specifically designated as FVTPL. However, other financial assets are re-classifiable when there is a change in the business model of the Company. When the Company reclassifies the financial assets, such reclassifications are done prospectively from the first day of the immediately next reporting period. The Company does not restate any previously recognised gains, losses including impairment gains or losses or interest.

T. Financial Assets

- (i) Financial assets comprise of investments in equity, trade receivables, cash and cash equivalents and other financial assets.
- (ii) Depending on the business model (i.e) nature of transactions for managing those financial assets and its contractual cash flow characteristics, the financial assets are initially measured at fair value and subsequently measured and classified at:

- a) Amortised cost; or
- b) Fair value through other comprehensive income (FVTOCI); or
- c) Fair value through profit or loss (FVTPL)

Amortised cost represents carrying amount on initial recognition at fair value plus or minus transaction cost.

- (iii) Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents solely payments of principal and interest thereon, are measured as detailed below depending on the business model:

Classification	Business Model
Amortised cost	The objective of the Company is to hold and collect the contractual cash flows till maturity. In other words, the Company do not intend to sell the instrument before its contractual maturity to realise its fair value changes.
FVTOCI	The objective of the Company is to collect its contractual cash flows and selling financial assets.

- (iv) The Company has accounted for its investments in associates at cost. The Company has exercised an irrevocable option at time of initial recognition to measure the changes in fair value of other equity investments at FVTOCI. Accordingly, the Company classifies its financial assets for measurement as below:

Classification	Name of Financial Assets
Amortised cost	Trade receivables, Loans and advances to employees and related parties, deposits, IPA receivable, interest receivable, unbilled revenue and other advances recoverable in cash or kind.
FVTOCI	Equity investments in companies other than Associates as an option exercised at the time of initial recognition.
FVTPL	Forward exchange contracts.

- (v) Financial assets are derecognised (i.e) removed from the financial statements, when its contractual rights to the cash flows expire or upon transfer of the said assets. The Company also derecognises when it has an obligation to adjust the cash flows arising from the financial asset with third party and either upon transfer of:

- a. significant risk and rewards of the financial asset, or
- b. control of the financial asset

However, the Company continue to recognise the transferred financial asset and its associated liability to the extent of its continuing involvement, which are measured on the basis of retainment of its rights and obligations of financial asset.

- (vi) Upon derecognition of its financial asset or part thereof, the difference between the carrying amount measured at the date of recognition and the consideration received including any new asset obtained less any new liability assumed shall be recognised in the Statement of Profit and Loss.
- (vii) For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done retrospectively on the following basis:

Name of Financial asset	Impairment testing methodology
Trade receivables	Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other Financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

U. Financial Liabilities

- (i) Financial liabilities comprise of Borrowings from Banks, Trade payables, Derivative financial instruments, Financial guarantee obligation and other financial liabilities.

- (ii) The Company measures its financial liabilities as below:

Measurement basis	Name of Financial liabilities
Amortised cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

V. Fair value measurement

- (i) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
- (ii) The fair value of an asset or a liability is measured using the assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in the economic best interest.
- (iii) All assets and liabilities for which fair value is measured are disclosed in the financial statements are categorised within fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is unobservable.

- (iv) For assets and liabilities that are recognised in the Balance sheet on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation at the end of each reporting period (i.e) based on the lowest level input that is significant to the fair value measurement as a whole.

- (v) For the purpose of fair value disclosures, the company has determined the classes of assets and liabilities based on the nature, characteristics and risks of the assets or liabilities and the level of the fair value hierarchy as explained above.
- (vi) The basis for fair value determination for measurement and / or disclosure purposes is detailed below:

a) Investments in Equity

The fair value is determined by reference to their quoted prices at the reporting date. In the absence of the quoted price, the fair value of the equity is measured using valuation techniques.

b) Trade and other receivables

The fair value is estimated as the present value of the future cash flows, discounted at the market rate of interest at the reporting date. However, the fair value generally approximates the carrying amount due to the short term nature of such assets.

c) Investment Properties

The fair value is determined for disclosure purposes based on an annual evaluation performed by an internal technical team measured using the technique of quoted prices for similar assets in the active markets and further moderated by market corroborated inputs.

5. Significant Estimates and Judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision or future periods, if the revision affects both current and future years.

Accordingly, the management has applied the following estimates / assumptions / judgements in preparation and presentation of financial statements:

The Company has considered the possible effects that may result from the pandemic relating to CoVID-19 on the carrying amounts of receivables, inventories, other financial / other non-

financial assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements, has used internal and external sources of information from market sources on the expected future performance of the Company. The impact of CoVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements due to prevailing uncertainties.

(i) Revenue Recognition

Significant management judgment is exercised in determining the transaction price and discounts to customer which is based on market factors namely demand and supply. The company offers credit period to customers and management judgment is exercised in assessing whether a contract contains a significant financing component.

(ii) Property, Plant and Equipment, Intangible Assets and Investment Properties

The residual values and estimated useful life of PPEs, Intangible Assets and Investment Properties are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

(iii) Current Taxes

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

(iv) Deferred Tax Asset (Including MAT Credit Entitlement)

Significant management judgement is exercised in determining whether the investments in associates are impaired or not is on the basis of this nature of long term strategic investments and business projections.

(v) Provisions

The timing of recognition requires application of judgment to existing facts and circumstance that may be subject to change. The litigations and claims to which the company is exposed are assessed by the management and in certain cases with the support of

external experts. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the liability.

(vi) Contingent Liabilities

Management judgment is exercised for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(vii) Impairment of Trade receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

(viii) Impairment of Non-financial assets (PPE/Intangible Assets/Investment Properties)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

(ix) Defined Benefit Plans and Other long term benefits

The cost of the defined benefit plan and other long term benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(x) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these

models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

(xi) Impairment of Investments in Subsidiary / Associates

Significant management judgement is exercised in determining whether the investment in subsidiary / associates are impaired or not is on the basis of its nature of long term strategic investments and business projections.

(xii) Interests in other entities

Significant management judgement is exercised in determining the interests in other entities. The management believes that wherever there is a significant influence over certain companies belonging to its group, such companies are treated as Associate companies even though it holds less than 20% of the voting rights. Significant management judgement is exercised whether such associate companies are individually immaterial or not for the purpose of disclosure requirements.

Capital Reserve

Represents the difference between the shares allotted to the Share Holders of Transferor Company and Net Worth acquired from Transferor Company as per scheme of Amalgamation.

General Reserve

The general reserve is used from time to time to transfer profits from retained profits. There is no policy of regular transfer.

FVOTCI Reserve

Fair Value through Other Comprehensive Income Reserve represents the balance in equity for items to be accounted in Other Comprehensive Income (OCI). The Company has opted to recognise the changes in the fair value of certain investments in equity instruments and remeasurement of defined benefit obligations in OCI. The Company transfers amounts from this reserve to Retained Earnings in case of actuarial loss / gain and in case of fair value recognition of equity instrument, the same will be transferred when the respective equity instruments are derecognised.

Retained Earnings

Represents that portion of the net income of the Company that has been retained by the Company.

The Board of Directors have recommended the payment of Final Dividend ₹ 0.50/- per share for the year 2020-21 (PY: ₹ 0.50 per share).

Defined Contribution Plan:

Employer's Contribution to Provident Fund	171.63	182.69
Employer's Contribution to Superannuation Trust Fund	20.34	22.13

Defined Benefit Plan - Gratuity

The Gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Company and is in accordance with the rules of the Company read with Payment of Gratuity Act 1972. This is a defined benefit plan in nature. The Company makes annual contributions to "The Ramaraju Surgical Cotton Mills Limited Employees Gratuity Fund" administered by the Trustees and managed by LIC of India, based on the Actuarial Valuation by an Independent external actuary as at the Balance Sheet date using Projected Unit Credit method. The Company has the exposure of actuarial risk such as adverse salary growth, change in demography experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to any longevity risks.

Details of the post retirement gratuity plan (Funded) are as follows:

Disclosure of Fair Value Measurements

The fair values of financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial instruments approximate their carrying amounts largely due to their short term maturities of these instruments.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : Quoted (Unadjusted) prices in active markets for identical assets or liabilities

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The details of financial instruments that are measured at fair value on recurring basis are given below:

Financial Risk Management

The Board of Directors (BOD) has overall responsibility for the establishment and oversight of the Company's risk management framework and thus established a risk management policy to identify and analyse the risk faced by the Company. Risk Management systems are reviewed by the BOD periodically to reflect changes in market conditions and the Company's activities. The Company through its training and management standards and procedures develop a disciplined and constructive control environment in which all employees understand their roles and obligations. The Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the risk management framework. The Audit committee is assisted in the oversight role by Internal Audit. Internal Audit undertakes reviews of the risk management controls and procedures, the results of which are reported to the Audit Committee.

The Company has the following financial risks:

Categories of Risk	Nature of Risk
Credit Risk	Receivables
	Financial Instruments and Cash deposits
Liquidity Risk	Fund Management
Market Risk	Foreign Currency Risk
	Cash flow and fair value interest rate risk

The Board of Directors regularly reviews these risks and approves the risk management policies, which covers the management of these risks:

Credit Risk

Credit Risk is the risk of financial loss to the Company if the customer or counterparty to the financial instruments fails to meet its contractual obligations and arises principally from the Company's receivables, treasury operations and other operations that are in the nature of lease.

Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer. The Company extends credit to its customers in the normal course of business by considering the factors such as financial reliability of customers. The Company evaluates the concentration of the risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. In case of Corporate / Export Customer, credit risks are mitigated by way of enforceable securities. However, unsecured credits are extended based on creditworthiness of the customers on case to case basis.

Trade receivables are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the company and where there is a probability of default, the company creates a provision based on Expected Credit Loss for trade receivables under simplified approach as below:

(₹ in Lakhs)

Financial Instruments and Cash Deposits

Investments of surplus funds are made only with the approved counterparties. The Company is presently exposed to counter party risk relating to short term and medium term deposits placed with Banks. The Company places its cash equivalents based on the creditworthiness of the financial institutions.

Liquidity Risk

Liquidity Risks are those risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. In the management of liquidity risk, the Company monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the company's operations and to mitigate the effects of fluctuations in cash flows.

Fund Management

Due to the dynamic nature of the underlying business, the Company aims at maintaining flexibility in funding by keeping both committed and uncommitted credit lines available. The Company has laid well defined policies and procedures facilitated by robust information system for timely and qualitative decision making by the management including its day to day operations.

Financial Arrangements

The Company has access to the following undrawn borrowing facilities: (₹. in Lakhs)

Foreign Currency Risk

The Company's exposure in USD and other foreign currency denominated transactions in connection with import of cotton, capital goods & spares, besides exports of finished goods and borrowings in foreign currency, gives rise to exchange rate fluctuation risk. The Company has following policies to mitigate this risk:

Decisions regarding borrowing in Foreign Currency and hedging thereof, (both interest and exchange rate risk) and the quantum of coverage is driven by the necessity to keep the cost comparable. Foreign Currency loans, imports and exports transactions are hedged by way of forward contract after taking into consideration the anticipated Foreign exchange inflows/outflows, timing of cash flows, tenure of the forward contract and prevailing Foreign exchange market conditions.

The Company uses derivative financial instruments viz. Foreign Exchange Forward Contracts exclusively for hedging currency risks that arise from imports / exports transactions. The Company measures the risk by forecasting foreign currency cash flows and manages its currency risks by appropriately hedging the transactions. When a forward contract is entered into for the purpose of being a hedge, the Company finalizes the terms of those forward contracts to match the terms of the hedged exposure i.e. receivables / payables / Firm Commitments. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities / Firm Commitments as at the end of reporting periods are given below:

Cash flow and fair value interest rate risk

Interest rate risk arises from long term borrowings with variable rates which exposed the company to cash flow interest rate risk. The Company's fixed rate borrowing are carried at amortized cost and therefore are not subject to interest rate risk as defined in Ind AS 107 since neither the carrying amount nor the future cash flows will fluctuate because of the change in market interest rates. The Company is exposed to the evolution of interest rates and credit markets for its future refinancing, which may result in a lower or higher cost of financing, which is mainly addressed through the management of the fixed/floating ratio of financial liabilities. The Company constantly monitors credit markets to strategize a well-balanced maturity profile in order to reduce both the risk of refinancing and large fluctuations of its financing cost. The Company believes that it can source funds for both short term and long term at a competitive rate considering its strong fundamentals on its financial position.

Impact of CoVID-19:

In view of resurgence of CoVID-19 across the country, various state governments have imposed lockdown during the month of May - 21. The Company's operations are continued in accordance with the guidelines issued by the relevant regulatory authorities with regard to adhering of social distancing, following prescribed hygiene standards. The Company continues to comply with such guidelines from time to time.

The Company has assessed the potential impact of CoVID-19 based on the current circumstances and expects that there will not be any significant impact on the continuity of operations of the business on long-term basis. The Company's ongoing capacity expansion program was delayed because of non-availability of labourers due to CoVID-19. However, the Company does not have any material risk of non-fulfilment of obligations by any party arising out of existing contracts / agreements.

The Company has exercised due care in determining its significant accounting judgements and estimates while preparing its financial statements including internal controls over financial reporting. As per the current assessment of the company, there is no material impact on the carrying values of trade receivables, inventories and other financial / non-financial assets as at the reporting date. The Company continues to closely monitor the developments in economic conditions and assess its impact. However, the final impact may differ from the current estimates made as at the date of approval of the financial statements for the year ended 31st March, 2021 considering the prevailing uncertainties.

CONSOLIDATED FINANCIAL STATEMENTS

Independent Auditor's Report**To the Members of M/s The Ramaraju Surgical Cotton Mills Limited****Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the Consolidated financial statements of THE RAMARAJU SURGICAL COTTON MILLS LIMITED ("the Holding Company"), its subsidiary (collectively referred to as "the Company" or "the Group") and its associates, comprising of the consolidated balance sheet as at 31st March, 2021 the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information ("the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Company as at 31st March, 2021 and the consolidated profit / loss, and its consolidated cash flows for the year ended and consolidated changes in the equity on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note No. 50 to the consolidated financial results, which describes the uncertainties and the impact of the CoVID-19 pandemic on the group's operations and results as assessed by the management on financial results. The Management has assessed that there is no material impact on the financial statements due to lockdown and related restrictions imposed towards controlling the CoVID-19 pandemic. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Auditor's Response
1.	<p>Adoption of Ind AS 116 Leases</p> <p>The Company has adopted Ind As 116 with effect from 1st April 2019 using Modified Retrospective Approach. The application and transition to this new accounting standard is complex and involves significant judgment and estimates made by the management which includes measuring of liability for all leases.</p> <p>The company has adopted the Modified Retrospective Approach method for transition to Ind AS 116, consequently comparative figures for the previous years have not been restated and continue to report under Ind AS 17.</p> <p>(Refer to Note No. 5 G to the Consolidated Financial Statements)</p>	<p>Principal Audit Procedures</p> <p>Our Audit procedures involved review of the company's Ind AS 116 implementation process, and key judgments made by management evaluation of lease agreements/arrangements on sample basis and comparison of the same with management's evaluation and assessment. We also evaluated the computation of lease liabilities and the discount rates adopted.</p> <p>Our tests on sample basis focused on reviewing the key terms and conditions of the lease agreements and obtaining evidence for the estimated useful live of right of use assets. Further more we assessed the adequacy and appropriateness of the disclosures the Consolidated financial statements.</p>
2.	<p>Recognition and measurement of deferred taxes</p> <p>The recognition and measurement of deferred tax items requires determination of differences between the recognition and the measurement of assets, liabilities, income and expenses in accordance with the Income Tax Act and other applicable tax laws including application of ICDS and financial reporting in accordance with Ind AS.</p> <p>Assessment of Deferred Tax Assets is done by the management at the close of each financial year taking into account forecasts of future taxable results.</p>	<p>Principal Audit Procedures</p> <p>The key matter was addressed by performing audit procedures which involved assessment of underlying process and evaluation of internal financial controls with respect to measurement of deferred tax and re-performance of calculations and assessment of the items leading to recognition of deferred tax in light of prevailing tax laws and applicable financial reporting standards.</p> <p>Furthermore, we assessed the adequacy and appropriateness of the disclosures in the consolidated financial statements.</p>

S.No.	Key Audit Matter	Auditor's Response
	<p>We have considered the assessment of deferred tax liabilities and assets as a key matter due to the importance of management's estimation and judgment and the materiality of amounts.</p> <p>(Refer to Note No. 5 D (iv),(v),(vi) & (vii) and 6(iv) to the Consolidated Financial Statements)</p>	
<p>3.</p>	<p>Evaluation of uncertain Tax Position/ Other contingent liabilities</p> <p>The Company has material uncertain tax position in respect of possible or actual taxation disputes, litigations and claims. The provisions are estimated using a significant degree of management judgment in interpreting the various relevant rules, regulations and practices and in considering precedents in various legal forums.</p> <p>(Refer to Note No. 5(O) (iv) & 6 (vi) to the Consolidated Financial Statements)</p>	<p>Principal Audit Procedures</p> <p>The Audit addressed this Key Audit Matter by assessing the adequacy of tax Provisions by reviewing the management's underlying assumptions in estimating the tax provisions and the possible outcome of the disputes.</p> <p>We reviewed the significant litigations and claims and discussed with the Company's legal counsel, external advisors about their views regarding the likely outcome and magnitude of and exposure to relevant litigation and claims.</p> <p>Further more we assessed the adequacy and appropriateness of the disclosures in the Consolidated financial statements.</p>
<p>4.</p>	<p>Existence and impairment of Trade Receivables</p> <p>Trade Receivables are significant to the Company's financial statements. The Collectability of trade receivables is a key element of the company's working capital management, which is managed on an ongoing basis by its management. Due to the nature of the Business and the requirements of customers, various contract terms are in place, there is a risk that the carrying values may not reflective of their recoverable amounts as at the reporting date, which would require an impairment provision.</p>	<p>Principal Audit Procedures:</p> <p>We performed audit procedures on the assessment of trade receivables, which included substantive testing of revenue transactions, obtaining trade receivable external confirmations and testing the subsequent payments received. Assessing the impact of impairment on trade receivables requires judgement and we evaluated management's assumptions in determining the provision for impairment of trade receivables, by analyzing the ageing of receivables, assessing significant overdue individual trade receivables and specific local</p>

S.No.	Key Audit Matter	Auditor's Response
	<p>Where there are indicators of impairment, the company undertakes assessment of the recoverability of the amounts. Given the magnitude and inherent uncertainty involved in the judgement, involved in estimating impairment assessment of trade receivables, we have identified this as a key audit matter.</p> <p>(Refer to Note No. 5(V)(vii), 5(X)(vi)(b) and 6(vii) to the Consolidated Financial Statements)</p>	<p>risks, combined with the legal documentations, where applicable.</p> <p>We tested the timing of revenue and trade receivables recognition based on the terms agreed with the customers. We also reviewed, on a sample basis, terms of the contract with the customers, invoices raised, etc., as a part of our audit procedures.</p> <p>Further more we assessed the adequacy and appropriateness of the disclosures in the consolidated financial statements.</p>

Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

The Holding Company's management and board of directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated state of affairs, consolidated profit/loss including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group and its Associates in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the entities included in the Group and its Associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the each entity and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and

completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the entities included in the Group and of its associates are responsible for assessing the ability of the Company and its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group and its Associates are responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness this assumptions. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in

the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group (Holding Company and Subsidiary) and its associates to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of company and such other entities included in the consolidated financial statements of which we are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) The Consolidated financial statements include financial statements of one subsidiary which reflect the total assets of ₹ 238.94 Lakhs as at 31st March, 2021, the total revenue of ₹ 156.71 Lakhs and net cash inflow of ₹ 45.78 Lakhs for the year ended 31st March, 2021, which was audited by another independent auditor whose report has been furnished to us.

- b) The consolidated financial statements also include the Group's share of net profit after tax of ₹ 258 Lakhs and ₹ 1060 Lakhs for the quarter ended 31st March, 2021 and for the period from 01st April, 2020 to 31st March, 2021 respectively as considered in the consolidated audited financial statements in respect of all the seven the associates. The financial results / financial information of one associate has been audited by us along with another joint auditor and six associates have been audited by an Independent Auditor, whose reports have been furnished to us by the management and our report on the consolidated financial statements in so far as it relates to the amounts that have been derived from such audited financial statements is solely based on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditors of its subsidiary company incorporated in India, none of the Directors of the Group companies incorporated in India is disqualified as on 31st March, 2021 from being appointed as a Director of that company in terms of sub-section 2 of Section 164 of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditor's reports of the company and its subsidiary and associates companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reason stated there in.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197 (16) of the Act, as amended:

In our opinion and best of our information and according to the explanations given to us, the remuneration paid to the directors during the current year by the Holding Company and its subsidiary and associates which are incorporated in India is in accordance with the provision of Section 197 (16) of the Act. The remuneration paid to any director by the Holding company and its subsidiary and associates which are incorporated in India, is not in excess of limit laid down under section 197 read with schedule V to the Companies Act, 2013. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended;

In our opinion and to the best of our information and according to the explanations given to us:

- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associates.
- ii. Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary and associate companies incorporated in India during the year ended 31st March 2021.

“Annexure - A” to The Independence Auditors’ Report

Referred to in Paragraph (f) of Report on Other Legal and Regulatory Requirements of our Report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of THE RAMARAJU SURGICAL COTTON MILLS LIMITED (The Holding Company) as of and for the year ended 31st March 2021, we have audited the internal financial controls over financial reporting of the Holding Company and its subsidiary and associates which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary and associate companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting with reference to financial statements of the Holding Company and its subsidiary and associates which are incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note, issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports and the information and explanation provided by the management is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, based on the test checks conducted by us, the Holding Company and its subsidiary and associate companies which are companies incorporated in India, have, in all material respects, reasonably adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were prima facie operating effectively as at 31st March, 2021 based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Corporate Information

The Ramaraju Surgical Cotton Mills Limited is a Public Limited Company domiciled and headquartered in India and incorporated under the provisions of the Companies Act. The Registered office of the Company is located at The Ramaraju Surgical Cotton Mills Premises, P.A.C. Ramasamy Raja Salai, Rajapalayam - 626 117, Tamil Nadu, India.

The Company is principally engaged in manufacture of Surgical Dressings, Yarn and Grey Fabrics. The Company is also engaged in generation of electricity from its windmills and solar panel for its captive consumption.

The Consolidated Financial Statements (CFS) for the year for the year ended 31-03-2021 were approved and adopted by Board of Directors of the Company in their meeting dated 04-06-2021.

2. Basis of preparation of Consolidated Financial Statements (CFS)

- (i) The CFS are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules 2015, as amended from time to time.
- (ii) The significant accounting policies used in preparing the financial statements are set out in Note No.6.
- (iii) Pursuant to General Circular No.39/2014 dated 14-10-2014 issued by Ministry of Corporate Affairs that the disclosures made already under the separate financial statements are not repeated and thus the disclosures that are relevant arising out of consolidation have only been presented.
- (iv) The CFS comprises the financial statements of The Ramaraju Surgical Cotton Mills Limited, its Subsidiary hereinafter collectively referred as 'Group' and its Associates. The list of companies which are included in consolidation and the Parent's holding and voting rights therein are as under:

Name of the Subsidiary	% of ownership interest	
	31-03-2021	31-03-2020
Madras Chipboard Limited	64.68%	—

The following companies are considered as Associates based on existence of significant influence over such companies:

Name of the Company	% of Shareholding & Voting Power	
	31-03-2021	31-03-2020
The Ramco Cements Limited	1.40%	1.54%
Ramco Industries Limited	0.16%	0.16%
Ramco Systems Limited	0.04%	0.04%
Rajpalayam Mills Limited	1.83%	1.83%
Sri Vishnu Shankar Mill Limited	0.75%	0.75%
Sri Harini Textiles Limited	49.67%	49.67%
Shri Harini Media Limited	2.65%	2.65%

The above companies are incorporated in India and financial statements of the respective companies are drawn up to the same reporting date as that of the Parent (i.e.) 31-3-2021.

- (v) The Company has considered its operating cycle to be 12 months for the purpose of Current and Non-current classification of assets and liabilities.
- (vi) An asset is classified as current when it is expected to be realised or intended to be sold or consumed in the normal operating cycle or held primarily for the purpose of trading or expected to be realised within 12 months after the reporting period or cash or cash equivalents unless restricted from being exchanged or used to settle a liability 12 months after the reporting period. All other assets are classified as non-current.
- (vii) A liability is classified as current when it is expected to be settled in normal operating cycle or held primarily for the purpose of trading or due for settlement within 12 months after the reporting period or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.
- (viii) The CFS are presented in Indian Rupees rounded to the nearest Lakhs with two decimals. The amount below the round off norm adopted by the Company is denoted as ₹ 0.00 Lakhs.
- (ix) The CFS comprises the financial statements of The Ramaraju Surgical Cotton Mills Limited and its Subsidiary & Associate Companies. The following companies are considered as Associates based on existence of significant influence over such companies:
- (x) Previous year figures have been regrouped / restated, wherever necessary and appropriate.

3. Principles of Consolidation

- (a) The financial statements of the Parent and its subsidiary have been consolidated on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenses, after elimination of intra-group balances and intra-group transactions resulting in unrealized Profits / Losses.
- (b) The CFS has been prepared using uniform accounting policies for like transactions and other events in similar circumstances and is presented, to the extent possible, in the same manner as the Parent's separate financial statements.
- (c) Non-controlling interest in the net assets of subsidiary is identified and presented in the Consolidated Balance Sheet separately from liabilities and equity of the Parent's shareholders. Non-controlling interest in the net assets of subsidiary consists of:
 - (i) The amount of subscribed equity share capital attributable to non-controlling interest during the year.
 - (ii) The movement of non-controlling interest in equity since the date the parent subsidiary relationship came into existence.

- (d) The CFS includes the share of profit / loss of the associate companies that are accounted for using equity method in accordance with Ind AS 28. Accordingly, the share of profit /loss of the associates (the loss being restricted to the cost of investment) has been added / deducted from the cost of investment. The most recent available financial statements of the associates are used in applying the equity method.
- (e) Under equity method of accounting, the investments are initially recognized at the fair value of net asset of Associate Companies from the date on which it becomes an associate and any difference between the cost of the investment and the Parent's share of the net fair value of the investee's identifiable assets and liabilities is accounted for as follows:
 - (i) Any excess of the entity's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is recognised directly in equity as capital reserve in the period in which the investment is acquired.
 - (ii) Subsequently, the carrying amount of investment is adjusted to recognize the share of post-acquisition profits or losses of its Associates in the Parent's Statement of Profit & Loss.
 - (iii) The equity method shall be discontinued from the date when the investment ceases to be an Associate and it shall measure the retained interest shall be measured at fair value. The fair value of the retained interest shall be regarded as its fair value on initial recognition as a financial asset. The difference between the fair value of retained interest & any proceeds from disposing of a part interest in the Associate and the carrying amount of investment at the date the equity method was discontinued will be recognized in profit or loss.
- (f) Dividend received or receivable from Associates are recognized as a reduction in the carrying amount of the Investment.
- (g) Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Company's interest in these entities. Unrealised losses are also eliminated to the extent of the Group's interest in these entities unless the transaction provides evidence of an impairment of the asset transferred.
- (h) At each reporting date, the Group determines whether there is any objective evidence that the investment in the associate is impaired. If there is such evidence, the Group provides for impairment as the difference between the recoverable amount of the associate and its carrying value, and then recognizes the loss as 'Share of profit of an associates' in the Statement of Profit & Loss.

4. Basis of Measurement

The consolidated financial statements have been prepared on accrual basis under historical cost convention except for certain financial instruments (Refer to Note No. 5(S) - Accounting Policy for Financial Instruments) and defined benefit plan assets which are measured at fair value.

5. Significant Accounting Policies

A. Inventories

- (i) Raw-materials, Stores & Spares, Fuel, Packing materials etc., are valued at cost, computed on a moving weighted average basis including the cost incurred in bringing the inventories to their present location and condition after providing for obsolescence and other losses or net realisable value whichever is lower. Inventories are usually written down to net realisable value, if the finished products, in which they will be used, are expected to be sold below cost. However, the inventories are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost.
- (ii) Process stock is valued at weighted average cost including the cost of conversion with systematic allocation of production overheads based on normal capacity of production facilities but excluding borrowing cost, or net realisable value whichever is lower. Factory administration overheads to the extent attributable to bring the inventories to their present location and condition are also included in the valuation of Process stock.
- (iii) Finished goods are valued at cost or net realisable value whichever is lower. Cost includes cost of conversion with systematic allocation of production overheads based on normal capacity of production facilities and other costs but excluding borrowing cost, incurred in bringing the inventory to their present location and condition. Finished goods include stock-in-trade also which comprises cost of purchase and other cost incurred in bringing the inventories to the present location and condition. Cost is determined on a moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

B. Statement of Cash Flows

- (i) Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.
- (ii) Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.
- (iii) Bank borrowings are generally considered to be financing activities. However, where bank overdrafts that are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Statement of Cash flows.

C. Dividend distribution to Equity shareholders

Interim dividend paid is recognised on approval by Board of Directors. Final dividend distribution to Shareholders is recognised in the period in which the dividends are approved by the Shareholders. Dividend together with applicable taxes is recognised directly in Other Equity.

D. Income Taxes

- (i) Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates, the provisions of the Income Tax Act, 1961 and other applicable tax laws including the relevant transfer pricing regulations prescribed thereunder, read with applicable judicial precedents or interpretations, wherever relevant
- (ii) Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period. The MAT Credit Entitlement being unused tax credits that are carried forward by the Company for a specified period, is grouped under Deferred Tax.
- (iii) Current tax assets and liabilities are offset, when the Company has legally enforceable right to set off the recognised amounts and intends to settle the asset and the liability on a net basis.
- (iv) Deferred tax is recognised using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting at the reporting date.
- (v) Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year where the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.
- (vi) Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by same governing tax laws and the Company has legally enforceable right to such set off current tax assets against current tax liabilities.

- (vii) Both current tax and deferred tax relating to items recognised outside the Profit or Loss is recognised either in "Other Comprehensive Income" or directly in "Equity" as the case may be.

E. Property, Plant and Equipment's (PPE)

- (i) PPEs are stated at cost of acquisition or construction less accumulated depreciation and impairment losses if any, except freehold land which is carried at cost. The cost comprises of purchase price, import duties, non-refundable purchase taxes (net of tax credits wherever applicable), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.
- (ii) Subsequent expenditures are included in the assets' carrying amount and recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.
- (iii) Spares which meet the definition of PPE are capitalised from the date when it is available for use. Other expenses on fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalisation criteria are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.
- (iv) The Company identifies the significant parts of plant and equipment separately which are required to be replaced at intervals. Such parts are depreciated separately based on their specific useful lives. The cost of replacement of significant parts are capitalised and the carrying amount of replaced parts are de-recognised. When each major inspection / overhauling is performed, its cost is recognised in the carrying amount of the item of PPE as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection/overhauling (as distinct from physical parts) is de-recognised.
- (v) The cost of major inspection / overhauling is recognised in the carrying amount of the item of PPE as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection/overhauling (as distinct from physical parts) is de-recognised.
- (vi) The Company follows the useful lives of the significant parts of certain class of PPE on best estimate basis upon technical advice, as detailed below, that are different

from the useful lives prescribed under Part C of Schedule II of the Companies Act, 2013:

Type of Plant and Machinery	Useful life of such components ranging from
Building	3 to 60 years
Textile Machines / Equipment	10 to 25 years
Wind Mills	5 to 30 years
HFO / DG Set	12 to 25 years
Solar Panel	25 years
Furniture and Fixtures	3 to 10 years
Electrical Machineries	3 to 25 years
Motor cars given to employees as per company's scheme	6 to 8 years

- (vii) PPE acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash transaction. Fair market value is determined either for the assets acquired or asset given up, which ever is more clearly evident.
- (viii) PPEs are eliminated from the financial statements on disposal. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such assets, are recognised in the Statement of Profit and Loss. Amount received towards PPE that are impaired and derecognized in the financial statements, are recognized in Statement of Profit and Loss, when the recognition criteria are met.
- (ix) Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value, except for process control systems whose residual value is considered as Nil.
- (x) Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion / disposals, the depreciation is calculated on *pro-rata* basis up to the date on which such assets have been discarded / sold.
- (xi) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each reporting date and adjusted prospectively, if appropriate.

F. Capital Work in progress / Capital Advances

Capital work in progress includes cost of property, plant and equipment under installation, under development including related expenses and attributable interest as at the reporting date.

Advances given towards acquisition / construction of PPE outstanding at the reporting date are disclosed as 'Capital Advances' under 'Other Non-Current Assets'.

G. Leases

- (i) Ind AS 116 requires lessees to account for all leases under a single on-balance sheet model. The Company, as a lessee, upon transition to Ind AS 116, elected to measure the lease liability for all leases whose non-cancellable lease term is more than 12 months, at the present value of remaining lease payments discounted using the incremental borrowing rate at the date of initial application and recognise the right-of-use asset at an amount equal to the lease liability, adjusted for prepaid lease payments recognised in the balance immediately before the date of initial application.
- (ii) The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date whether fulfilment of arrangement is dependent on the use of an underlying asset and the arrangement conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a Lessee

- (i) The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.
- (ii) The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.
- (iii) The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any.
- (iv) The Company presents right-of-use assets that do not meet the definition of investment property in 'Property, Plant and Equipment' and Lease liabilities in 'Finance Liabilities' in the Balance sheet.
- (v) The Company has opted not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Company as a Lessor

The lease arrangements where the risks and rewards incidental to ownership of an asset substantially vests with the Lessor are recognised as operating lease. Operating lease receipts are recognised in the Statement of Profit and Loss on straight line basis over the lease terms except where the payments are structured to increase in line with the general inflation to compensate for the expected inflationary cost increases. The Company do not have any finance leases arrangements.

H. Revenue Recognition

(i) Revenue from Operations

a) Sale of products

Revenue from product sales is recognized when the company transfers control of the product to customers at a point in time. The transaction price is the amount of consideration to which the company expects to be entitled in exchange for transferring goods to the customer. It comprises of invoice value of goods after deducting discounts, volume rebates and applicable taxes on sale including GST. The Company provides discounts to customers on the achievement of the performance criteria based on agreed terms and conditions. The financing component with regard to sale of products are excluded from Revenue from operations and recognized as Interest Receipts. The company do not have any non-cash consideration.

b) Power generated from Windmills

Power generated from windmills that are covered under wheeling & banking arrangement with TANGEDCO are consumed at Factories. The monetary values of such power generated that are captively consumed are not recognised as revenue, but have been set off against the cost of power & fuel.

c) Scrap sales

Scrap sales is recognized when the Company transfers control of the product to customers.

d) Income from Job Work

Income from job work is recognized on the proportion of work executed as per the contract / agreement.

(ii) Other Income

- a. Interest income is recognised using the Effective Interest Rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period where appropriate, to the gross carrying amount of the financial asset or to the authorised cost of a financial liability.

- b. Dividend income is recognised when the Company's right to receive dividend is established.
- c. Rental income from operating lease on Property, Plant and Equipments is recognised on a straight line basis over the terms of the relevant lease.

I. Employee Benefits

- (i) Short-term employee benefits viz., Salaries and Wages are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.
- (ii) Defined Contribution Plan viz., Contributions to Provident Fund and Superannuation Fund are recognized as an expense in the Statement of Profit and Loss for the year in which the employees have rendered services.
- (iii) The Company contributes monthly to Employees' Provident Fund & Employees' Pension Fund administered by the Employees' Provident Fund Organisation, Government of India, at 10% / 12% of employee's basic salary. The Company has no further obligations.
- (iv) The Company also contributes for superannuation a sum equivalent to 15% of the officer's eligible annual basic salary. Out of the said 15% contribution, a sum upto ₹ 1.50 Lakhs per annum is remitted to The Ramaraju Surgical Cotton Mills Limited Officers' Superannuation Trust Fund administered by trustees and managed by LIC of India. The balance amount, if any, is paid as salary. There are no further obligations in respect of the above contribution plan.
- (v) The Company has its own Defined Benefit Plan viz., an approved Gratuity Fund for its employees including employees in subsidiary company. It is in the form of lump sum payments to vested employees on resignation, retirement, death while in employment or on termination of employment, for an amount equivalent to 15 days' basic salary for each completed year of service. Vesting occurs upon completion of five years of continuous service. Based on the Actuarial Valuation by an independent external actuary, the Company makes annual contributions to the trust administered by the company as at the reporting date using Projected Unit Credit method. The funds are managed by LIC of India
- (vi) The Company provides for expenses towards compensated absences provided to its employees. The expense is recognized at the present value of the amount payable determined based on an independent external actuarial valuation as at the Balance Sheet date, using Projected Unit Credit method.
- (vii) Remeasurement of net defined benefit asset / liability comprising of actuarial gains or losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to other comprehensive income in the period in which they arise and immediately transferred to retained earnings. Other costs are accounted in the Statement of Profit and Loss.

J. Government Grants

- (i) Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.
- (ii) In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets"
- (iii) Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred grant income and are credited to the statement of profit and loss on a systematic basis over the expected lives of the related assets.

K. Foreign currency transactions

- (i) The financial statements are presented in Indian Rupees, which is also the Company's functional currency.
- (ii) All transactions in foreign currency are recorded on initial recognition at their functional currency exchange rates prevailing on that date.
- (iii) Monetary assets and liabilities in foreign currencies outstanding at the reporting date are translated to the functional currency at the exchange rates prevailing on the reporting date and the resultant gains or losses are recognised during the year in the Statement of Profit and Loss.
- (iv) Non-monetary items which are carried at historical cost denominated in foreign currency are reported using the exchange rates at the date of transaction.

L. Borrowing Costs

- (i) Borrowing cost include interest computed using Effective Interest Rate method, interest on lease liabilities, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.
- (ii) Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based

on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings cost are expensed in the period in which they occur.

M. Earnings per Share

- (i) Earnings per share is calculated by dividing the profit / (loss) attributable to equity shareholders by the weighted average number of equity shares.
- (ii) Where an item of income or expense which is otherwise required to be recognised in the Statement of Profit and Loss is debited or credited to Equity, the amount in respect thereof is suitably adjusted in Net profit for the purpose of computing Earnings per share.
- (iii) The Company do not have any potential equity shares.

N. Impairment of Non-Financial Assets

- (i) The carrying values of assets include property, plant and equipment, investment properties, cash generating units and intangible assets are reviewed for impairment at each reporting date, if there is any indication of impairment based on internal and external factors.
- (ii) Non-financial assets are treated as impaired when the carrying amount of such asset exceeds its recoverable value. After recognition of impairment loss, the depreciation for the said assets is provided for remaining useful life based on the revised carrying amount, less its residual value if any, on straight line basis.
- (iii) An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired.
- (iv) An impairment loss is reversed when there is an indication that the impairment loss may no longer exist or may have decreased.

O. Provisions, Contingent Liabilities and Contingent Assets

- (i) Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources embodying economic benefits in respect of which a reliable estimate can be made.
- (ii) Provisions are discounted if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance

cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

- (iii) Insurance claims are accounted on the basis of claims admitted or expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection. Any subsequent change in the recoverability is provided for. Contingent Assets are not recognised.
- (iv) Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the same are not recognised but disclosed in the financial statements.

P. Business Combinations

Business Combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations.

The cost of an acquisition is measured at the fair value of the asset transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests share of subsequent changes in equity of subsidiary.

The purchase price is allocated to assets acquired and liabilities assumed based upon the determination of fair values at the date of acquisition.

The excess of the purchase consideration paid over the fair value of net assets acquired has been attributed to goodwill.

Q. Goodwill

- (i) Goodwill comprises the portion of the purchase price for an acquisition that exceeds the Group's share in the identifiable assets, with deductions for liabilities, calculated on the date of acquisition.

- (ii) Goodwill is deemed to have an indefinite useful life and is reported at acquisition value. An impairment test of goodwill is conducted once every year or more often if there is an indication of a decrease in value.

R. Intangible Assets

- (i) The costs of computer software acquired and its subsequent improvements are capitalised. Internally generated software is not capitalized and the expenditure is recognized in the Statement of Profit and Loss in the year in which the expenditure is incurred.
- (ii) Intangible Assets are amortised over their estimated useful life on straight line method. The estimated useful lives of intangible assets are assessed by the internal technical team as detailed below, that are different from the useful lives prescribed under Part C of Schedule II of the Companies Act, 2013:

Nature of Intangible Assets	Estimated Useful Life
Computer Software	6 years

- (iii) The intangible assets that are under development phase are carried at cost including related expenses and attributable interest, and are recognised as Intangible assets under development.
- (iv) The residual values, useful lives and methods of amortisation of intangible assets are reviewed at each reporting date and adjusted prospectively, if appropriate.

S. Investment Properties

- (i) An investment in land or buildings both furnished and unfurnished, which are held for earning rentals or capital appreciation or both rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business, are classified as investment properties.
- (ii) Investment properties are stated at cost, net of accumulated depreciation and impairment loss, if any except freehold land which is carried at cost.
- (iii) The Company identifies the significant parts of investment properties separately which are required to be replaced at intervals. Such parts are depreciated separately based on their specific useful lives determined on best estimate basis upon technical advice. The cost of replacement of significant parts are capitalised and the carrying amount of replaced parts are de-recognised. Other expenses including day-to-day repair and maintenance expenditure and cost of replacing parts that does not meet the capitalisation criteria, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

- (iv) Depreciation on investment properties are calculated on straight-line method based on useful life of the significant parts as detailed below:

Asset type	Useful Life
Buildings under Investment properties	60 years

- (v) Investment properties are eliminated from the financial statements on disposal or when no further benefit is expected from its use. Gains or losses arising from disposal, measured as the difference between the net disposal proceeds and the carrying amount of such investment properties, are recognised in the Statement of Profit and Loss. Amount receivable towards investment properties that are impaired and derecognized in the financial statements, are recognized in Statement of Profit and Loss, when the recognition criteria are met.
- (vi) The residual values, useful lives and methods of depreciation of investment properties are reviewed periodically included at each reporting date.

T. Operating Segments

The Company has Three operating/reportable segments viz. Textiles, Surgicals and wind Power Generation from Wind Mills.

The inter-segment transfers of units of power from windmills are recognized at the applicable tariff rates of the electricity boards for the purpose of segment reporting as per the relevant accounting standard. Operating segment has been identified on the basis of nature of products and reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker.

Costs are allocated to the respective segment based upon the actual incidence of respective cost. Unallocated items include general other income and expenses which are not allocated to any business segment.

U. Financial Instruments

- (i) A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.
- (ii) Financial assets and liabilities are offset and the net amount is presented in the Balance sheet when and only when the Company has a legal right to offset the recognised amounts and intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.
- (iii) The Company initially determines the classification of financial assets and liabilities. After initial recognition, no re-classification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets / liabilities that are specifically designated as FVTPL. However, other financial assets are re-classifiable when there is a change in the business model of the Company. When the Company

reclassifies the financial assets, such reclassifications are done prospectively from the first day of the immediately next reporting period. The Company does not restate any previously recognised gains, losses including impairment gains or losses or interest.

V. Financial Assets

- (i) Financial assets comprise of investments in equity, trade receivables, cash and cash equivalents and other financial assets.
- (ii) Depending on the business model (i.e) nature of transactions for managing those financial assets and its contractual cash flow characteristics, the financial assets are initially measured at fair value and subsequently measured and classified at:
 - a) Amortised cost; or
 - b) Fair value through other comprehensive income (FVTOCI); or
 - c) Fair value through profit or loss (FVTPL)

Amortised cost represents carrying amount on initial recognition at fair value plus or minus transaction cost.

- (iii) Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents solely payments of principal and interest thereon, are measured as detailed below depending on the business model:

Classification	Business Model
Amortised cost	The objective of the Company is to hold and collect the contractual cash flows till maturity. In other words, the Company do not intend to sell the instrument before its contractual maturity to realise its fair value changes.
FVTOCI	The objective of the Company is to collect its contractual cash flows and selling financial assets.

- (iv) The Company has accounted for its investments in associates at cost. The Company has exercised an irrevocable option at time of initial recognition to measure the changes in fair value of other equity investments at FVTOCI. Accordingly, the Company classifies its financial assets for measurement as below:

Classification	Name of Financial Assets
Amortised cost	Trade receivables, Loans and advances to employees and related parties, deposits, IPA receivable, interest receivable, unbilled revenue and other advances recoverable in cash or kind.

Classification	Name of Financial Assets
FVTOCI	Equity investments in companies other than Associates as an option exercised at the time of initial recognition.
FVTPL	Forward exchange contracts.

- (v) Financial assets are derecognised (i.e) removed from the financial statements, when its contractual rights to the cash flows expire or upon transfer of the said assets. The Company also derecognises when it has an obligation to adjust the cash flows arising from the financial asset with third party and either upon transfer of:
- significant risk and rewards of the financial asset, or
 - control of the financial asset

However, the Company continue to recognise the transferred financial asset and its associated liability to the extent of its continuing involvement, which are measured on the basis of retainment of its rights and obligations of financial asset.

- (vi) Upon derecognition of its financial asset or part thereof, the difference between the carrying amount measured at the date of recognition and the consideration received including any new asset obtained less any new liability assumed shall be recognised in the Statement of Profit and Loss.
- (vii) For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done retrospectively on the following basis:

Name of Financial asset	Impairment testing methodology
Trade receivables	Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other Financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

W. Financial Liabilities

- (i) Financial liabilities comprise of Borrowings from Banks, Trade payables, Derivative financial instruments, Financial guarantee obligation and other financial liabilities.
- (ii) The Company measures its financial liabilities as below:

Measurement basis	Name of Financial liabilities
Amortised Cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

X. Fair Value Measurement

- (i) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
- (ii) The fair value of an asset or a liability is measured using the assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in the economic best interest.
- (iii) All assets and liabilities for which fair value is measured are disclosed in the financial statements are categorised within fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:
 - Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities
 - Level 2: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is directly or indirectly observable.
 - Level 3: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is unobservable.
- (iv) For assets and liabilities that are recognised in the Balance sheet on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation at the end of each reporting period (i.e) based on the lowest level input that is significant to the fair value measurement as a whole.
- (v) For the purpose of fair value disclosures, the company has determined the classes of assets and liabilities based on the nature, characteristics and risks of the assets or liabilities and the level of the fair value hierarchy as explained above.

(vi) The basis for fair value determination for measurement and / or disclosure purposes is detailed below:

a) Investments in Equity

The fair value is determined by reference to their quoted prices at the reporting date. In the absence of the quoted price, the fair value of the equity is measured using valuation techniques.

b) Trade and Other Receivables

The fair value is estimated as the present value of the future cash flows, discounted at the market rate of interest at the reporting date. However, the fair value generally approximates the carrying amount due to the short term nature of such assets.

c) Investment Properties

The fair value is determined for disclosure purposes based on an annual evaluation performed by an internal technical team measured using the technique of quoted prices for similar assets in the active markets and further moderated by market corroborated inputs.

6. Significant Estimates and Judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision or future periods, if the revision affects both current and future years.

Accordingly, the management has applied the following estimates / assumptions / judgements in preparation and presentation of financial statements:

The Company has considered the possible effects that may result from the pandemic relating to CoVID-19 on the carrying amounts of receivables, inventories, other financial / other non-financial assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements, has used internal and external sources of information from market sources on the expected future performance of the Company. The impact of CoVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements due to prevailing uncertainties.

(i) Revenue Recognition

Significant management judgment is exercised in determining the transaction price and discounts to customer which is based on market factors namely demand and supply. The company offers credit period to customers and management judgment is exercised in assessing whether a contract contains a significant financing component.

(ii) Property, Plant and Equipment, Intangible Assets and Investment Properties

The residual values and estimated useful life of PPEs, Intangible Assets and Investment Properties are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

(iii) Current Taxes

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

(iv) Deferred Tax Asset (Including MAT Credit Entitlement)

Significant management judgement is exercised in determining whether the investments in associates are impaired or not is on the basis of this nature of long term strategic investments and business projections.

(v) Provisions

The timing of recognition requires application of judgment to existing facts and circumstance that may be subject to change. The litigations and claims to which the Company is exposed are assessed by the management and in certain cases with the support of external experts. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the liability.

(vi) Contingent Liabilities

Management judgment is exercised for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(vii) Impairment of Trade receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

(viii) Impairment of Non-financial assets (PPE/Intangible Assets/Investment Properties)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

(ix) Defined Benefit Plans and Other long term benefits

The cost of the defined benefit plan and other long term benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(x) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

(xi) Impairment of Investments in Associates

Significant management judgement is exercised in determining whether the investment in subsidiary / associates are impaired or not is on the basis of its nature of long term strategic investments and business projections.

(xii) Interests in other entities

Significant management judgement is exercised in determining the interests in other entities. The management believes that wherever there is a significant influence over certain companies belonging to its group, such companies are treated as Associate companies even though it holds less than 20% of the voting rights. Significant management judgement is exercised whether such associate companies are individually immaterial or not for the purpose of disclosure requirements.

Defined Benefit Plan - Gratuity

The Gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Company and is in accordance with the rules of the Company read with Payment of Gratuity Act, 1972. This is a defined benefit plan in nature. The Company makes annual contributions to "The Ramaraju Surgical Cotton Mills Limited Employees Gratuity Fund" administered by the Trustees and managed by LIC of India, based on the Actuarial Valuation by an Independent external actuary as at the Balance Sheet date using Projected Unit Credit method. The Company has the exposure of actuarial risk such as adverse salary growth, change in demography experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to any longevity risks.

Details of the post retirement gratuity plan (Funded) are as follows:

Impact of CoVID-19:

In view of resurgence of CoVID-19 across the country, various state governments have imposed lockdown during the month of May-21. The Company's operations are continued in accordance with the guidelines issued by the relevant regulatory authorities with regard to adhering of social distancing, following prescribed hygiene standards. The Company continues to comply with such guidelines from time to time.

The Company has assessed the potential impact of CoVID-19 based on the current circumstances and expects that there will not be any significant impact on the continuity of operations of the business on long-term basis. The Company's ongoing capacity expansion program was delayed because of non-availability of labourers due to CoVID-19. However, the Company does not have any material risk of non-fulfilment of obligations by any party arising out of existing contracts / agreements.

The Company has exercised due care in determining its significant accounting judgements and estimates while preparing its financial statements including internal controls over financial reporting. As per the current assessment of the company, there is no material impact on the carrying values of trade receivables, inventories and other financial / non-financial assets as at the reporting date. The Company continues to closely monitor the developments in economic conditions and assess its impact. However, the final impact may differ from the current estimates made as at the date of approval of the financial statements for the year ended 31-03-2021 considering the prevailing uncertainties.

Disclosure of Fair Value Measurements

The fair values of financial assets and liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial instruments approximate their carrying amounts largely due to their short term maturities of these instruments.

Financial Risk Management

The Board of Directors (BOD) has overall responsibility for the establishment and oversight of the Company's risk management framework and thus established a risk management policy to identify and analyse the risk faced by the Company. Risk Management systems are reviewed by the BOD periodically to reflect changes in market conditions and the Company's activities. The Company through its training and management standards and procedures develop a disciplined and constructive control environment in which all employees understand their roles and obligations. The Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the risk management framework. The Audit committee is assisted in the oversight role by Internal Audit. Internal Audit undertakes reviews of the risk management controls and procedures, the results of which are reported to the Audit Committee.

The Company has the following financial risks:

Categories of Risk	Nature of Risk
Credit Risk	Receivables
	Financial Instruments and Cash deposits
Liquidity Risk	Fund Management
Market Risk	Foreign Currency Risk
	Cash flow and fair value interest rate risk

The Board of Directors regularly reviews these risks and approves the risk management policies, which covers the management of these risks:

Credit Risk

Credit Risk is the risk of financial loss to the Company if the customer or counterparty to the financial instruments fails to meet its contractual obligations and arises principally from the Company's receivables, treasury operations and other operations that are in the nature of lease.

Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer. The Company extends credit to its customers in the normal course of business by considering the factors such as financial reliability of customers. The Company evaluates the concentration of the risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. In case of Corporate / Export Customer, credit risks are mitigated by way of enforceable securities. However, unsecured credits are extended based on creditworthiness of the customers on case to case basis.

Trade receivables are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the Company and where there is a probability of default, the company creates a provision based on Expected Credit Loss for trade receivables under simplified approach as below:

Financial Instruments and Cash Deposits

Investments of surplus funds are made only with the approved counterparties. The Company is presently exposed to counter party risk relating to short term and medium term deposits placed with Banks. The Company places its cash equivalents based on the creditworthiness of the financial institutions.

Liquidity Risk

Liquidity Risks are those risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. In the management of liquidity risk, the Company monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the company's operations and to mitigate the effects of fluctuations in cash flows. Due to the dynamic nature of the underlying business, the Company aims at maintaining flexibility in funding by keeping both committed and uncommitted credit lines available. The Company has laid well defined policies and procedures facilitated by robust information system for timely and qualitative decision making by the management including its day to day operations.

Foreign Currency Risk

The Company's exposure in USD and other foreign currency denominated transactions in connection with import of cotton, capital goods & spares, besides exports of finished goods and borrowings in foreign currency, gives rise to exchange rate fluctuation risk. The Company has following policies to mitigate this risk:

Decisions regarding borrowing in Foreign Currency and hedging thereof, (both interest and exchange rate risk) and the quantum of coverage is driven by the necessity to keep the cost comparable. Foreign Currency loans, imports and exports transactions are hedged by way of forward contract after taking into consideration the anticipated Foreign exchange inflows / outflows, timing of cash flows, tenure of the forward contract and prevailing Foreign exchange market conditions.

The Company uses derivative financial instruments viz. Foreign Exchange Forward Contracts exclusively for hedging currency risks that arise from imports / exports transactions. The Company measures the risk by forecasting foreign

currency cash flows and manages its currency risks by appropriately hedging the transactions. When a forward contract is entered into for the purpose of being a hedge, the Company finalizes the terms of those forward contracts to match the terms of the hedged exposure i.e. receivables / payables / Firm Commitments. All identified exposures are managed as per the policy duly approved by the Board of Directors.

Cash Flow and Fair Value Interest Rate Risk

Interest rate risk arises from long term borrowings with variable rates which exposed the company to cash flow interest rate risk. The Company's fixed rate borrowing are carried at amortized cost and therefore are not subject to interest rate risk as defined in Ind AS 107 since neither the carrying amount nor the future cash flows will fluctuate because of the change in market interest rates. The Company is exposed to the evolution of interest rates and credit markets for its future refinancing, which may result in a lower or higher cost of financing, which is mainly addressed through the management of the fixed/floating ratio of financial liabilities. The Company constantly monitors credit markets to strategize a well-balanced maturity profile in order to reduce both the risk of refinancing and large fluctuations of its financing cost. The Company believes that it can source funds for both short term and long term at a competitive rate considering its strong fundamentals on its financial position.
